CALCULATING THE RELEVANT FINANCIAL REQUIREMENT

The financial requirement that you must meet will vary according to the number of child dependants under the age of 18 being sponsored for entry to the UK as part of this application, and taking account of any child dependants under the age of 18 your sponsor is already financially responsible for in the UK.

- Children who are British Citizens or not subject to UK Immigration Control do not need to be considered when calculating the financial requirement.
- Full details of which children the financial requirement applies to can be found within the policy guidance notes which can be found on the UKBA website. The financial requirement you need to meet may include children already sponsored who are not part of this application and you should include those children where relevant at 3.2
- Some applicants including children will need to meet a different maintenance requirement and if that applies they will need to complete Part 4 instead of this section. Full guidance can be found on the UKBA website.
